Section 1 eSRS Basics

1.1 System Background

As part of the President's Management Agenda for Electronic Government, the Small Business Administration (SBA), the Integrated Acquisition Environment (IAE), and a number of Agency partners collaborated to develop the next generation of tools to collect subcontracting accomplishments. This government-wide tool is known as the eSRS. This Internet-based tool will streamline the process of reporting on subcontracting plans and provide agencies with access to analytical data on subcontracting performance. Specifically, the eSRS eliminates the need for paper submissions and processing of the SF 294's, Individual Subcontracting Reports, and SF 295's, Summary Subcontracting Reports, and replaces the paper with an easy-to-use electronic process to collect the data.

To learn more, please review the home page materials that discuss the system's background, reporting requirements, and the eSRS legislation, regulations and OMB Guidance.

1.2 About this User Guide

This user guide is intended for the federal government users of the eSRS.gov system who have been assigned the role of Point of Contact. The guide will help these users utilize the system to review eSRS reports that have been submitted by prime and sub-contractors. Both Prime and Sub contractor reporting is completed in the eSRS.gov system.

There are four federal government user roles in this system. The roles in part reflect the activities that are performed in the eSRS.gov system. The federal government user roles are outlined as follows:

- Agency Coordinator –**AC** has full access to eSRS for their agency and below. Users can manage their agency hierarchy, other agency contacts, manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.
- Point of Contact – **POC** - Users manage other agency contacts (but not the agency organization), manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.
- Contracting Officer - **CO** - Users review eSRS reports and run reports on data from their registered level and below. In an eSRS Context, this role is likely more appropriate for users needing to review eSRS reports pertaining to contracts.
- Designated Government User - **DGU** users review eSRS reports and run reports on data from their registered level and below.

1.3 Getting Help with eSRS

1.3.1 The Help Desk

- I. Users can access the Federal Service Desk (FSD) directly from within the system. FSD is the help desk organization that provides help desk support for eSRS.gov.
- II. A link to the FSD is presented on the home page in the right-hand side bar. This link can also be found when logged into the system at the bottom of each page.

INTRODUCING...
The Federal Service Desk

eSRS Users:

We are pleased to introduce you to a new source of help for your questions concerning the Electronic Subcontracting Reporting System (eSRS). Although FSD will be handling technical calls only, you will be able to submit a non-technical question via the "Submit New Request" or speak to a representative to receive the email address of the eSRS Agency Coordinator and Point of Contact for the Agency you are reporting to or the Small Business Administration's (SBA) Procurement Analyst assigned to answer Subcontracting questions.

The Federal Service Desk (FSD) launched in June 2009 as a project of the GSA's Integrated Acquisition Environment (IAE). At the Federal Service Desk (fsd.gov) you can now:

- Find information you need by searching several ways in the Answer Center
- Submit a request online for Non-Technical (Policy) and Technical service
- Check on your help desk ticket online
- Give us feedback on Frequently Asked Questions
- Chat live with a Customer Service Representative
- Phone us toll free at 1-866-606-8220
- Phone us internationally at 334-206-7828

Over the next year or so, additional systems will gradually transition to FSD for their help desk support. We hope you take advantage of the full range of services offered at www.fsd.gov.

- IV. Users are automatically re-directed to the FSD 30 seconds after navigating to the transition page.

1.3.2 Resources Page

- I. When logged into the system, in the main navigation bar at the bottom of any system page, users will see a link to access a resources page. This page presents resources for the user related to the utilization of the eSRS system.

Resources Page

The screenshot shows the "Resources" page within the eSRS system. At the top, there is a banner identical to the one in the first image. Below the banner, the word "Resources" is displayed in a bold, black font. Underneath, there are two main sections: "Quick Reference Guides" and "Webinars". The "Quick Reference Guides" section contains a list of seven links, each starting with "Quick Reference for Federal Government Contractors...". The "Webinars" section is divided into two columns: "For Contractor Users" and "For Government Users", each containing a list of webinar titles.

- II. On this page, users will find Quick Reference Guides and Webinars.

1.4 Log-In to eSRS

1.4.1 System Tied with FSRS

In addition, authenticated (logged-in) users are able to toggle between the eSRS.gov and FSRS.gov applications seamlessly by clicking on the link in the upper right hand corner of any page, “Log-in to eSRS” or “Log-in to FSRS,” depending on the system in which you are currently working.

3.1.1 Agency Contract Transfers

- I. Agencies have the ability to transfer a contract from one agency/office to another agency/office in FPDS-NG.
- II. When a contract is transferred to a new agency/office in FPDS-NG, ALL reports in the eSRS that were created PRIOR to the transfer, regardless of status (Draft, Pending, Accepted, Rejected, Reopened), will remain associated to the former agency/office (the contract agency/office at the time of report creation).
- III. When a contract is transferred in FPDS-NG, the former agency/office will NOT have access to any new reports created in the eSRS AFTER the transfer took place.
- VIII. When a contract is transferred in FPDS-NG, the new agency/office on the contract will have read-only access to the most recent report submitted in eSRS prior to the transfer (i.e., submitted to the former contract agency/office), regardless of status.

3.1.2 Contract PIID Changes

- I. Agencies have the ability to modify PIID/Contract numbers in FPDS-NG.
- II. The eSRS will perform a silent, nightly update of all existing reports, regardless of status, with the modified PIID/Contract number.
- III. This process will overwrite the original PIID/Contract number on the report.

- IV. When a PIID/Contract number is modified, the eSRS will display a new field from FPDS-NG labeled “Other Award (or IDV) ID” which will identify the original PIID/Contract number for reference.
- V. The Original PIID/Contract number will no longer be searchable in eSRS.

3.2 Summary

- I. Click on “Reports” and then “Summary” on the left hand navigation menu.
- II. You will see a screen similar to the Summary Reports Screenshot below.
- III. Click on the View Icon beside any report to see more information regarding the filed report.
- IV. You may sort the list of reports based on column. This is accomplished by clicking on the text next to any down arrow in the column headings. You may sort the list in ascending order if you click on the same heading again. Note how the color of the text changes. The current active column is designated by a **Maroon** color.

3.6 Accept / Reject (Administering Agency Designated on Report)

This section will outline the process for managing Individual reports on which the contractor designated an Administering Agency other than the Contracting Office on the contract.

The first step is to go to the Individual Reports section. Click on the “Pending” tab near the top of the screen, and find the report that you would like to manage. If a report has an Administering Agency selected, a note will display at the top of the report advising of the status.

Administering Agency conflict message

NOTE: In order to Accept/Reject a report that has an Administering Agency, the “Check Out” function must be available. If the “Check Out Report” action is not available, you will need to request that the report be released by the agency who currently has the report checked out.

3.6.1 Accept/Reject

- I. Click on the View Icon beside the desired report.
- II. Select “Check Out Report” from the “Report Actions” drop down box on the right (see Report Actions screenshot below) and click the “Go” button. **Note: If you check out the report, only your agency/office will have accept/reject rights for the report. If you check out the report, the action will be tracked in the right hand “Action History” sidebar for both involved agencies to view.**

Note: If you are registered at a level above both the Contracting Office on the contract AND the designated Administering Agency in the report, you will be required to select the Agency/Office for which you are checking out the report. **Example:** The Contracting Office on the report is AFRL and the report is submitted to AFMC as the Administering Agency. If the person reviewing (checking out) the report is registered at the parent agency level Air Force (level above sub agency), you must select the agency you are representing at the time of check out (AFMC or AFRL).
