Section 1 eSRS Basics

1.1 System Background
As part of the President’s Management Agenda for Electronic Government, the Small Business Administration (SBA), the Integrated Acquisition Environment (IAE), and a number of Agency partners collaborated to develop the next generation of tools to collect subcontracting accomplishments. This government-wide tool is known as the eSRS. This Internet-based tool will streamline the process of reporting on subcontracting plans and provide agencies with access to analytical data on subcontracting performance. Specifically, the eSRS eliminates the need for paper submissions and processing of the SF 294’s, Individual Subcontracting Reports, and SF 295’s, Summary Subcontracting Reports, and replaces the paper with an easy-to-use electronic process to collect the data.

To learn more, please review the home page materials that discuss the system’s background, reporting requirements, and the eSRS legislation, regulations and OMB Guidance.

1.2 About this User Guide
This user guide is intended for the federal government users of the eSRS.gov system who have been assigned the role of Agency Coordinator. The guide will help these users utilize the system to review eSRS reports that have been submitted by prime and sub-contractors. Both Prime and Sub contractor reporting is completed in the eSRS.gov system.

There are four federal government user roles in this system. The roles in part reflect the activities that are performed in the eSRS.gov system. The federal government user roles are outlined as follows:

- **Agency Coordinator – AC** has full access to eSRS for their agency and below. Users can manage their agency hierarchy, other agency contacts, manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.

- **Point of Contact – POC** - Users manage other agency contacts (but not the agency organization), manage new agency contact registrations, review eSRS reports and run reports on data from their registered level and below.

- **Contracting Officer - CO** - Users review eSRS reports and run reports on data from their registered level and below. In an eSRS Context, this role is likely more appropriate for users needing to review eSRS reports pertaining to contracts.

- **Designated Government User - DGU** users review eSRS reports and run reports on data from their registered level and below.
1.3 Getting Help with eSRS

1.3.1 The Help Desk

I. Users can access the Federal Service Desk (FSD) directly from within the system. FSD is the help desk organization that provides help desk support for eSRS.gov.

II. A link to the FSD is presented on the home page in the right-hand side bar. This link can also be found when logged into the system at the bottom of each page.

Navigation to Access FSD on eSRS.gov
III. Clicking on the FSD link opens a transition page introducing the Federal Service Desk (FSD) where users can secure assistance.

**FSD Transition Page**

IV. Users are automatically re-directed to the FSD 30 seconds after navigating to the transition page.
1.3.2 Resources Page

I. When logged into the system, in the main navigation bar at the bottom of any system page, users will see a link to access a resources page. This page presents resources for the user related to the utilization of the eSRS system.

Resources Page

II. On this page, users will find Quick Reference Guides and Webinars.
1.4 Log-In to eSRS

1.4.1 System Tied with FSRS
Users registered in the Federal Funding Accountability and Transparency Act Subaward Reporting System (www.fsrs.gov) are able to access the eSRS system with the same log-in credentials as used for FSRS. If you register for a new account in the eSRS system, you will be able to login to the FSRS system with the same credentials. In addition, authenticated (logged-in) users are able to toggle between the eSRS.gov and FSRS.gov applications seamlessly by clicking on the link in the upper right hand corner of any page, “Log-in to eSRS” or “Log-in to FSRS,” depending on the system in which you are currently working.

FSRS Log-In Link when Logged into eSRS.gov

1.4.2 Existing Users
I. Point your browser to https://www.esrs.gov
II. Click on Government in the Log-In or Register Now box
III. Login to ESRS by typing your e-mail address and password.
IV. Click Go

eSRS Log-In or Register Now

NOTE: Users do not need to re-register if they have an existing FSRS Federal Government user account ([www.fsrs.gov](http://www.fsrs.gov)). The email address and password used for FSRS will allow the user to log-in to eSRS.gov.

II. The agency user clicks on the “Government” link within the “Log-In or Register Now” box.

III. To register, the user clicks the “Register” tab under the Federal Government Log-In section

IV. The user completes the multi-step process that displays. **Note: Throughout the system a red asterisk (*) designates that the field is required.**

V. Step 1: The user selects their Agency/Sub-Agency association and clicks Continue. **Note:** Instructions for each step are provided in a left hand side bar.

**Government Registration Screen Step 1**

Government Review Registration

XV. Once the user has submitted their registration they will have to complete an email verification step. Once they have verified their registration via email, an email will be sent to the registered agency coordinators authorized to approve registrations for the agency.
XVI. When the user’s registration has been approved they will receive an email from the system notifying them that they can now access the system. **Note: This grants the user access to both eSRS AND FSRS with the role(s) they registered.**

1.4.4 Important Password Update

Users and Interfacing Systems must reset their passwords as required every 90 days or the account will be disabled IAW GSA IT Security Policy, (CIO P 2100.1). Registered users will receive an email notification to remind them of this requirement. If the user attempts to log in with an expired password, a tool tip will appear with a hyperlink. Click on the link to go through the password recovery process. If your account has been disabled, contact the Federal Service Desk at 866-606-8220 (Monday - Friday 8 a.m. to 8 p.m. ET).

**NOTE:** If your account was re-enabled after contacting the FSD, you must reset your password before midnight on the day of the call to prevent it from being disabled once again.

3.1.1 Agency Contract Transfers

I. Agencies have the ability to transfer a contract from one agency/office to another agency/office in FPDS-NG.

II. When a contract is transferred to a new agency/office in FPDS-NG, ALL reports in the eSRS that were created PRIOR to the transfer, regardless of status (Draft, Pending, Accepted, Rejected,
Reopened), will remain associated to the former agency/office (the contract agency/office at the time of report creation).

III. When a contract is transferred in FPDS-NG, the former agency/office will NOT have access to any new reports created in the eSRS AFTER the transfer took place.

VIII. When a contract is transferred in FPDS-NG, the new agency/office on the contract will have read-only access to the most recent report submitted in eSRS prior to the transfer (i.e., submitted to the former contract agency/office), regardless of status.

3.1.2 Contract PIID Changes

I. Agencies have the ability to modify PIID/Contract numbers in FPDS-NG.

II. The eSRS will perform a silent, nightly update of all existing reports, regardless of status, with the modified PIID/Contract number.

III. This process will overwrite the original PIID/Contract number on the report.

IV. When a PIID/Contract number is modified, the eSRS will display a new field from FPDS-NG labeled “Other Award (or IDV) ID” which will identify the original PIID/Contract number for reference.

V. The Original PIID/Contract number will no longer be searchable in eSRS.
