Section 1 eSRS Basics

1.1 System Background
As part of the President's Management Agenda for Electronic Government, the Small Business Administration (SBA), the Integrated Acquisition Environment (IAE), and a number of Agency partners collaborated to develop the next generation of tools to collect subcontracting accomplishments. This government-wide tool is known as the eSRS. This Internet-based tool will streamline the process of reporting on subcontracting plans and provide agencies with access to analytical data on subcontracting performance. Specifically, the eSRS eliminates the need for paper submissions and processing of the SF 294's, Individual Subcontracting Reports, and SF 295's, Summary Subcontracting Reports, and replaces the paper with an easy-to-use electronic process to collect the data.

To learn more, please review the home page materials that discuss the system’s background, reporting requirements, and the eSRS legislation, regulations and OMB Guidance.

1.2 About this User Guide
This user guide is intended for Contractor users of the eSRS.gov system who are required to complete their subcontract reporting for federally awarded contracts. The guide will help these users utilize the system to create and manage their contract reporting and review their sub-contractor reports. Both Prime and Sub contractor reporting is completed in the eSRS.gov system.
1.3 Getting Help with eSRS

1.3.1 The Help Desk

I. Users can access the Federal Service Desk (FSD) directly from within the system. FSD is the help desk organization that provides help desk support for eSRS.gov.

II. A link to the FSD is presented on the home page in the right-hand side bar. This link can also be found when logged into the system at the bottom of each page.

III. Clicking on the FSD link opens a transition page introducing the Federal Service Desk (FSD) where users can secure assistance.

**FSD Transition Page**

IV. Users are automatically re-directed to the FSD 30 seconds after navigating to the transition page.
1.3.2 Resources Page

I. When logged into the system, in the main navigation bar at the bottom of any system page, users will see a link to access a resources page. This page presents resources for the user related to the utilization of the eSRS system.

Resources Page

II. On this page, users will find Quick Reference Guides and Webinars.
1.3.3 Additional Resources
At the bottom of every page, when logged into the system, additional contractor references are provided. This includes specific individual instructions for each report type. This user guide provides a general reference to using the system and the quick reference guides provide specific guidance on completing reports.

If you register for a new account in the eSRS system, you will be able to login to the FSRS system with the same credentials. In addition, authenticated (logged-in) users are able to toggle between the eSRS.gov and FSRS.gov applications seamlessly by clicking on the link in the upper right hand corner of any page, “Log-in to eSRS” or “Log-in to FSRS,” depending on the system in which you are currently working.
